

# Booking Confirmation

## Booking Confirmation out of eBooking & Change from AWB issue date to LAT

**Information for an enhanced feature effective July 18th, 2023.**

Dear valued customer,

We are excited to finally announce the enhanced feature of our Lufthansa Cargo online booking platform - the ability to receive booking confirmation emails, not only for queued bookings but for all your created online bookings or booking changes. This enhanced feature will help to ensure that your bookings are confirmed and processed accurately and efficiently.

When you create a new booking or make changes to an existing one, you will now receive an email confirmation to your company account, to let you know that the booking has been received and processed. This email will include all the relevant details of your booking, including the flight details, rate details and shipment information.

Additionally, rate and surcharge(s) will now be based on LAT as displayed and no longer on AWB issue date. This LAT will be fixed at time of goods acceptance and the charged amount will be accounted accordingly.

With this enhancement, you know that your bookings are confirmed and processed in a timely manner. If you have any questions or concerns about this enhanced feature or your bookings, please do not hesitate to contact your local sales contact or our customer support team.

Thank you for choosing our Lufthansa Cargo eBooking platform, and we look forward to serving you in the future.
